

Safe Prescribing (Sub-Committee of AAC)

Meeting Minutes

December 11, 2017

4:00pm-6:00pm EST

DHSS Herman

Holloway Chapel

I. Welcome and Introductions

II. Membership Discussion

- Suggestion of adding Dental and Oral Surgeon community as part of the membership
- Suggestion of adding physician assistants

III. CDC.SAMSHA Grant Review

- CDC Grant – Dr Rattay – Goal is to improve PMP usage. Review of the document of proposed strategy of address the opioid epidemic focusing on proposed elements of provider education documenting prescriber practicing outside of guidelines, all prescribers, and all health providers. Academic detailing is a key element
- SAMSHA – Emily Knearl – funding specific for prescribers. Funding also available to enhance PMP. Connecting with Nemours and pediatrics – funding available through Help is Here.

IV. Target

- Goal is to get a 30% reduction of opioid prescribing volume
- Inventory of Provider/Prescriber education programs that are going on in the state right now related to opioid addiction – who could keep track of these programs - discuss with Diane (grant management analyst positions??) (CDC will like it) Also keep track of public programs.

V. PMP Introduction

- Committee to come up with Dashboard of metrics to keep up with-
- Dr. Rattay - Next meeting present Brand data and what is CDC looking at to change and data of what PMP is capable of.

VI. Prescriber Feedback

-

VII. Materials

-
